Enrichment Committee Meeting

Date: May 7th, 2024

Time: 12:00pm

Meeting Location: Zoom

Chair Lisa Largent called the Meeting to Order at 12:00pm

Present:

Attendees included: Janiqua Barnes, Ryan Hatley, Lisa Largent, Rhonda McCurry, Kaylee Nona, Emily Westbrook, Jennifer Wyatt.

Jennifer Wyatt discussed the progress of the school's Equity Plan. PCCS's Equity Plan is required under Federal regulation. Equity plan ensures the equitable distribution of teachers. 7 out of 11 beginner teaches completed survey-all responses/comments were presented to committee. EVAAS data is used to determine teachers who did not achieve growth AKA "Ineffective Status"-10 from elementary campus, 3 from middle school and zero from High School. Tools like i-Leader, mentor support, peer instructional observations, classroom modeling and administrative walk thru and follow up are used to support teachers that did not achieve growth across all campuses. A suggestion came from committee to have one Beginner Teacher Coach per campus-we currently have 1 coach for all 3 campuses.

Ms. Barnes overviewed Middle School's i-Ready and NC Check-Ins End of Year testing data and support strategies for "ineffective status" teachers.

Mr. Hatley overviewed High School's Check in #2 data.

Results of 2024 Teacher Working Conditions Survey NC was shared with committee.

Committee reflected on school year 2023-2024 and set goals for school year 2024-2025.

Adjournment at 12:50pm.

Respectfully submitted,

Lisa Largent
