

Enrichment Committee

Meeting Minutes

05/25/17

The Piedmont Community Charter School, Enrichment Committee met on Thursday May 25, 2017 with the following in attendance: Brad Putnam, Betty Cauble, Melissa Williams, Paula Swift, Alex Poole, Holly White, Jennifer Wyatt, Jennifer Purdue and Mark Franklin.

The meeting was called to order and Mark Franklin shared the minutes from the April meeting. There was a correction to the minutes to change Advanced Education to the correct name which is AdvancEd. Brad Putnam moved to approve the minutes with the correction and Melissa Williams seconded the motion. The motion was approved.

Kristen Rodriguez from Team CFA was welcomed to the meeting and she provided a summary of the Spring 2017 MAP test scores. Ms. Rodriguez commented that overall growth had improved from the 2015/2016 MAP results. This was very encouraging results and hopefully will have a positive impact on the 2016/2017 school report card grade.

The committee asked what measures we should be monitoring. One important area that was identified is moving students from the 40, 50 and 60 percentiles to higher percentiles. After considerable discussion and questions there was still a general lack of confidence of how best to monitor and measure the results to track proficiency and growth. Alex Poole agreed to work with Casey Reese to attempt to develop a matrix that can easily and simply track growth and proficiency throughout the school year. Alex will report back to the committee at our next meeting on his progress.

The date for the next Enrichment Committee Meeting has been scheduled for Thursday June 15, 6:30 pm at the secondary campus.
